MOST WONDERFUL CURE.

AFTER TWENTY YEARS OF

ST. ANNA'S ASYLUM,
NEW ORLEANS, LA., Sept. 5, 1801.
Dear Sir: A feeling of gratitude for my
own recovery and a hope that others may
benefit by my experience leads me to give
you a history of my case of rheumatism
and the efforts made to cure or relieve
me.

benefit by my experience leads me to give you a history of my case of rheumatism and the efforts made to cure or relieve me.

Lave suffered from rheumatism for nearly twenty years, which grew worse, until suffering and poverty drove me to the Charity Hospital, where I remained under treatment for three months. I was then discharged, with the assurance that I could never walk again without crutches, as I was then doing, my rheumatism having grown worse while thereall of the joints of my right less swelled to more than double their natural size.

I was then offered a home in this institution, which I accepted on last April. I am now sixty-one years of age, had always, until cripiled by this disease, led an active life, supporting myself comfortably, and became very unhappy living on charity. Hearing this, several ladies who were acquainted with me, and what I had done during the war, wrote requesting the officers to treat me with the Electropoise, and I now have had eleven treatments of two hours a day, three times a week. After the third treatment all pains disappeared and I threw away my crutches and an now able to walk entirely without assistance, and feel sure that in a very short time I shall be able to leave the asylum and make my own living. In addition to the cure of the rheumatism my eyesight has been very much improved and my general health is as good as could be expected of any one of my sace. (Signed) MRS. MARY F. WILBERT. The facts stated by Mrs. Wilbert in the preceding communication in so far as they refer to her residence in this (8t. Anns's) asylum, her condition when she came here, for she could not walk without her crutch, and now she goes up and down the staire without assistance, in facts of her having derived great benefit from her treatment with the Electropoise Her eyesight has also been wonderfully improved, for she could do nothing without glasses and now she can thread a very fine needle without glasses. Respectfully. M. E. OGDEN,

The above is a testimonial backed by the evidence of an official who witnessed the affects of the treatment of the Kleetropoise. It speaks for itself. IF WE WERE UNABLE TO CURE WE COULD NOT PRODUCE SUCH TESTIMONIALS.

PRISONERS REVOLT.

REVOLT IN A PRISON.

The Prisoners Driven to Their Cells at the

Madrid, June 10 .- An outbreak has occurred in the prison at Seville. It has been customary for the prison officials to allow the prisoners to play cards and to amuse themselves in various ways, and yesterday some prisoners who were engaged in gambling with cards became involved

engaged ingambling with cards became involved in a dispute. The other prisoners, a large number of whom had been watching the game, took sides in the dispute and finally a general fight was started. The prison yards were soon filled with enraged men rolling on the ground, striking, bitting and scratching.

The guards sought to separate the combatants, but they were powerless to restore order. The fighters seemed bent upon killing each other and a number of murders would certainly have been committed had the prisoners been possessed of weapons of any kind.

The prison officials at last summoned the military. As the detachment of troops marched into the prison yard the prisoners ceased fighting among themselves and turned their attention to the soldiers. They refused to return to their cells at the order of the officers in command, and they eventually ordered the soldiers to charge with fixed bayonets. This was done and the prisoners were driven, hurling maledictions upon the soldiers was killed by a bayonet thrust and several others were seriously wounded. QUICKLY SPENT \$7,000.

Moscow, Pa., June 10 .- A cloud-burst yesterday evening wrecked and deluged buildings

and caused considerable damage. The Delaware, Lackawanna and Western railroad tracks were washed out and in places swept the tracks entirely away. Several bridges and dams were carried away. Trains were stopped in time to prevent catastrophes. Communication with New York is completely shut off and trains have been stalled until the damage can be repaired, a task which will require several days. MR. MURPHY DENIES IT.

He Says Senator Hill Has Written No Withdrawal Letter to Him. Taox, N. Y., June 10 .- The Troy Press this afternoon prints this interview with Edward Murphy in denial of the published statement that Senator Hill has written a letter authorizing the withdrawal of his name from all further consideration by the democracy-state and national—whenever in the opinion and dis-cretion of Richard Croker, Hugh McLaughlin,

Edward Murphy, jr., and Al. F. Sheehan such a step should be taken.

Mr. Murphy is quoted as saying: "There is no basis of any sort for the report that I have a letter from Mr. Hill withdrawing from the canvass for the nomination for President. The matter of Mr. Hill's withdrawal has never been we have enough of those \$3 and \$4 Ladies' Oxfords (manufacturers' samples) left to last two or three days, which we are selling at \$1.85 per pair. Sizes, of course, between 2 and 4, narrow widths.

The \$4.50 Hand-sewed Turn Boots which we are selling at \$2.75 per pair cannot be duplicated by any manufacturer at our selling price.

The Men's \$6.50 Petent Calf Bals. are going like hot cakes at \$4.

We have one lot of Men's \$6 Eangaroo Oxfords at \$4. They are Hathaway, Soule & Harrington's Shoe, and are disappearing like smoke before a gale of wind.
